

FS-ISAC Survey Pre-announcement: Survey on Enterprise Content and Email Management

An FS-ISAC member has requested member participation in a survey on Enterprise Content and Email Management. Primary Points of Contact will be the only persons receiving the invite. We ask that they complete the survey, or forward the invite to the appropriate person at their institution to complete. The FS-ISAC hopes that the one-invitation-per-institution approach will increase the quality of the data we receive, but we rely on POCs to take an active role in the survey process.

Enterprise content management and email are closely related. The purpose of this survey is to understand current peer practices and policies governing enterprise email management within a broader context of enterprise content and records management.

The survey is being sent to FS-ISAC Basic, Core, Standard, Premier, Gold and Platinum member institution Points of Contact. The invitation will be sent out today, March 27, 2008. The survey will be open from March 27, 2008 to midnight EDT Friday, April 4, 2008. Your input will be anonymous. NOTE: We are using SurveyMonkey for this survey. The invitation will come from fsisac@surveymonkey.com

Recipients can either complete the survey or forward it to the more appropriate person in their organization for completion.

Thank you for your participation,

FS-ISAC Operations
