FS-ISAC provides timely, targeted information, tools and resources about cyberthreats, threat mitigation and related subjects to specific member groups that make up its full membership.

The Securities Industry Risk Group (SIRG) informs and enables collaboration among organizations in the securities industry. SIRG members include asset managers, retirement and futures market investment managers, broker-dealers, hedge funds, private equity firms, payments and transfer agents, retirement and pension fund firms. If you are responsible for information and network security, threat detection, threat intelligence, incident response and regulatory compliance you will appreciate the timely information and collaboration opportunities provided by the SIRG.

**Benefits and Communications**

Communication within the SIRG is done by a mailing list (one for each council and one for the SIRG) and the following newsletters, meetings and other forms of communication:

- Immediate alerts about physical and cybersecurity incidents and threats.
- Guidance from and information sharing with other SIRG Members.
- SIRG newsletter (twice a month) – C-suite management summary including a high-level recap of security threats, impact to financial intuitions and remedial steps.
- Independent council (monthly) and SIRG (quarterly) conference calls – provide a threat landscape update, a presentation by a subject matter expert and an opportunity for members to share or collaborate information.
- Podcasts on an array of topics including ransomware and supply chain.

**Why Should I Join?**

To provide the cybersecurity assurance your customers expect, meet regulatory requirements and reduce your institution’s risk, through awareness of the latest developments. SIRG membership gives you a central source of information related to current threats, mitigation techniques and best practices - all within FS-ISAC’s circles of trust.

**How Do I Join?**

To join the SIRG or for more information email sirg@fsisac.com.

**Size of SIRG Members**

(by assets under management)

<table>
<thead>
<tr>
<th>Size of Assets</th>
<th>Percentage</th>
</tr>
</thead>
